

80 SERIES[®] FLAMMABLE LIQUID PUMPS

Safe Fuel Transfer and Delivery

The safest way to approach any hazardous pumping operation is to use a pump that is built to handle the job. Gorman-Rupp offers Shield-A-Spark™ pumps to transfer and deliver flammable liquids with peace of mind.

TRANSFER AND DELIVER FLAMMABLE LIQUIDS

Gorman-Rupp's Shield-A-Spark™ self-priming centrifugal pumps have a spark and splash shielded engine, muffler and fuel fill cap. Four models are available in 2" and 3" discharge sizes. They will deliver up to 380 GPM and heads up to 150 feet.

SPECIAL SAFETY FEATURES

Safety features include shielded spark plugs (gasoline version), ignition wire, sealed ignition, approved spark-arrestor muffler, non-combustible air filter and long-life valves. Models are available with gasoline or diesel engines.
