# FE2owlet

### Product specification

The FE2owlet can be universally applied as a biomimetic, low-noise blade. The unique blade design inspired by the owl's wings provides the axial fan with one-of-a-kind performance and impressive properties. Using high-quality materials such as aluminium or high-performance composite materials protects the FE2owlet from corrosion and makes it extremely durable and operationally secure.

> Model selection

Technical data	
Maximum air flow	up to 52,000 m <sup>3</sup> /h
Maximum pressure increase	to 418 Pa
Permitted medium temperature	-60°C to +80°C
Sizes	12 sizes available from 350 mm to 1000 mm

### Motor concepts

#### AC technology

AC068 / AC074 / AC085 / AC092 / AC106 / AC137 / AC165

#### Power range

0.03 - 4.40 kW

#### ECblue technology

EC055 / EC072 / EC090 / EC116 / EC152

#### Power range

0.02 - 4.70 kW

### Customer benefit

- Universally applicable
- Compact dimensions for every installation situation
- Durable through very quiet running
- Reduction in operating costs possible because 100% speed adjustable
- Can be used worldwide thanks to numerous certifications (incl. VDE, UL, CCC, UKCA, CE)

### Typical applications

Chiller

Cold Chain

Process and Industrial Refrigeration

Ventilations

Transformers

Telecommunication

Fruits, Vegetables and Flowers

Railway Technology

### Air performance range depending on motor technology

■ with ECblue (AC comparable)
